

Call for new RGLs at CEITEC MENDELU

On 10th July 2018 an internal call for positions of new Research group leaders at CEITEC MENDELU is opened. Candidates can apply for the establishment of new Research groups in English on the attached forms. Applications will be accepted till 24th July 2018, noon at the CEITEC MENDELU office, Building C, 4th floor, door N5021, to the hands of ing. Michaela Ředinová or Dr. Vilém Reinöhl.

The aim of this call is to strengthen the CEITEC MENDELU team for the fulfilment of the project NPU II. The project consists not only of monitoring indicators, but also of particular aims of the project that can be briefly formulated as follows:

- a. Setting minimal performance standards.
- b. Raising of quality of papers.
- c. Raising the number of international grants.
- d. Attracting of new internationally recognized RGL.
- e. Strengthening of internationalization.
- f. International partnership.

Most of the particular aims directly or indirectly leads to higher internationalization of CEITEC (directly c.-f. and indirectly b.). Recently the aim d. Attracting of new internationally recognized RG was at CEITEC MU and BUT fulfilled by hiring of RGL with experiences from longer term foreign stays, or based on the publication record achieved in cooperation with internationally recognized teams (f. International partnership, b. - Raising of quality of papers). Those new RGL than have great potential for getting international grant support (c. - Raising the number of international grants) and to attract students and postdocs from abroad (e. - Strengthening of internationalization). In case new RG's will established at MENDELU setting minimal performance standards will be prepared. Thus for the future of CEITEC MENDELU the decision to establish new Research groups with high excellence and internationalized potential was chosen.

As a support for new RGs 2 Million CZK were negotiated for both years 2018 and 2019 to be transferred from CEITEC MU in the frame of NPUII. In 2020 the financial support from NPU II will be available only for RG's holding EU grants or having contractual research.

Evaluation criteria

- a. Five top papers.
- b. Publication record (Nr. of IF papers, cumulated IF, h-index, total citations).
- c. Publications in cooperation with International teams.
- d. International experiences – foreign stays.
- e. Awarded national and international grants.
- f. Proposal of the research aims of the new RG.
- g. Submitted or intended grant application.
- h. Suggested RG budget - supposed needs and sources 2018 – 2020.
